

June's Saturday walk with Pam

You may have read the very first story on our new website from Ellesmere Park long standing and lively resident June Smith about her daily walks around Ellesmere Park.

As this picture shows, June has developed a new lease in life thanks to her three new buddies! June is bustin' out all over Ellesmere Park every Saturday morning with one of her three walking buddies. Seen here, June with local resident Pam and her faithful friend Summer joining June on her 1.5 mile walk around Ellesmere Park. "It's given me a new lease of life thanks to my three buddies. As well as Pam, local residents Lynne and Nicky walk with me which really gives me encouragement to walk more." says June. What an inspiration to us all – thanks June and here's to many more walks!
