

## Back in Time - 1 - Ellesmere Road in 1904

I thought it would be a nice idea over the next few days to post some photographs from the Ellesmere Park Residents' Association archive.

My first offering is a photograph taken in 1904 of a group of very smartly dressed people at the junction of Ellesmere Road and Westminster Road.

The house in the background is "Holcombe", 12 Ellesmere Road. The empty plot behind the lamppost is where the vicarage (14 Ellesmere Road) was subsequently built.
